# UNQUIET VOICES

**" When the image exposes  
problems and the truth bursts  
into color on canvas  
When our voices join dedicated  
to finding solutions"**

## **TRANSFORMATIVE ACTION PROJECT**

The Transformative Action Project, an initiative of Violence Transformed @ The Public Health Advocacy Institute is a unique victim service program supporting groups, communities and organizations impacted by violence and crime. Through an interplay of art and meditation TAP workshops allow us to imagine alternatives, and in doing so, to create new conditions of possibilities for ourselves, our relationships and our world.

## **UNQUIET VOICES WORKSHOP**

Join L'Merchie Frazier in a one & a half hour workshop in the gallery of the Menino Arts Center, Hyde Park, MA.

Surrounded by art from the "Unquiet Voices" exhibit, L'Merchie will lead workshop participants in the creation of Hope Scrolls. Hope scrolls are symbolic of petitions used since the early 1600's in America as a form of protest for change, for rights and access necessary for survival. The Hope Scrolls workshop was created to use the power of art to reveal unheard voices and to share our stories.

## **WHAT TO EXPECT**

Workshop participants will embody mindfulness, storytelling and art-making in the form of collage: made with simple, available resources to fabricate and produce colorful artworks designed with hope in mind. Each participant will have the opportunity to not only give voice to troubling times and to truths that are often denied but to connect with their hope for our futures as well.
